Susan.

Let's discuss if this is acceptable. I can also check to see if Beaumont is in need. That might fit the timeline.

**Subject:** RE: Fuel Supply Update from Paige for PM bullets

Sorry I should have briefed you last night. Last night Lisa Bokken and I discussed the situation. Weston's logistics/procurement group contacted 48+ services in the DFW area and beyond (Weatherford, Ardmore, Denton, Tyler, Waco, Texarkana, and many small cities too) and found none having service available. We found two that can provide fuel tanks to the COOP late next week but no fuel until the following week. Lisa and I agreed that timing is beyond the likely resource need period. No fuel services were identified in the Houston area.

Good news – Weston's Houston employees are not experiencing fuel challenges and I understand fuel availability is starting to ease in the DFW area.
